

Where Concierge Medicine Meets *In-Home Health Care*

About Team Select Home Concierge

At Team Select Home Concierge, we deliver concierge-level home health care backed by over 16+ years of clinical experience and a multi-state infrastructure, refined for the most discerning patients and physician partners.

Our Clinical Depth

- ∴ Over 16 years of home healthcare expertise
- ∴ A network of 10,000+ RNs, LPNs/LVNs, and CNAs
- ∴ Enhanced by CareSightAI™, our proprietary predictive analytics platform designed to detect early clinical changes (based on certain diagnoses)
- ∴ Proven ability to support patients with complex cases to short-term needs at home

We don't just provide care in the home, we deliver a fully managed, clinically integrated experience that reflects the standards of the practices we support.

Our Standard of Care

State-licensed, compliant home health provider operating to the highest clinical standards

Strict adherence to physician orders with precise, real-time execution of care plans

RN-led care management with direct 24/7 access; no call centers, no barriers

Seamless coordination between skilled nursing and personal care services

Discreet, professional caregivers trained for high-touch, in-home environments

Why Concierge Physicians Choose Team Select

We are designed to be a true extension of your practice, ensuring your patients receive the same level of attention and precision at home as they do in your care.

Ways We Support Your Practice

- Executing your clinical directives with accuracy and consistency
- Providing real-time communication and updates on patient status
- Delivering skilled RN/LPN care for complex cases beyond traditional home health limits
- Ensuring continuity, discretion, and professionalism in every patient interaction
- Reducing risk through proactive monitoring and early intervention

The Results

- Your patients experience seamless, high-touch care beyond the office
- Your clinical vision is carried out without compromise
- You gain a trusted in-home partner, not just a referral resource

DIRECT REFERRAL & CONCIERGE INTAKE

Simply connect with our team. We conduct a personalized care consultation to understand the clinical needs, preferences, and lifestyle.

CURATED CARE TEAM MATCHING

Our RN Care Managers thoughtfully select a dedicated care team based on clinical expertise, personality alignment, and the patient's specific health goals.

ONGOING CLINICAL COLLABORATION

We maintain proactive communication and full transparency, providing real-time updates so you can confidently oversee and optimize your patient's care.

"A high-touch home care team is an invaluable extension of my approach... bridging the gap between recommendations made in the clinic and actual behavior change at home, which is often the hardest part."

— Dr. Sheridan James, Concierge Internal Medicine
